## CELEBRATING WA'S WETLANDS BIODIVERSITY

In wetlands, you will discover an intriguing diversity of plant and animal species. No matter the size, each is crucial to the natural balance of the ecosystem.

These resources support the Australian Curriculum:  
Science, Geography and Media Arts.

**August 8**

### DISCOVER WA'S WETLANDS

Discover the amazing biodiversity and ecology of a wetlands ecosystem.

activity poster

**August 10**

### WESTERN SWAMP TORTOISE

Meet this unique and elusive West Australian, once thought to be extinct.

activity poster

**August 11**

### WONDERFUL WETLANDS

Learn about Perth's wetland areas, their importance and the diversity of life they support.

ED! feature

**August 12**

### PHOTOGRAPHING WETLANDS

Get some photography tips for the Chevron Focus Environment competition.

activity poster

Thanks to support from Chevron Australia, schools will not be invoiced.

Most schools\* will automatically receive one class set inside the August 8, 10, 11 and 12 editions of The West Australian (35 copies). Please allow one to two days for delivery.

\*CONTACT MEDIA EDUCATION TO ENQUIRE

Orders must be placed at least five business days prior to delivery date. Although we will continue to take new orders, only the remaining deliveries after your date of order will be included. Unfortunately, we are unable to accommodate back orders.

### ORDER NOW!
